

QHSE POLICY

Our Vision

BLUTEC Chemicals intends to be acknowledged as a QHSE company in the Marine Chemicals industry providing innovative solutions meeting the needs of our customers in line with the global principles of sustainable development, Responsible Care and quality management systems.

Our Principles

We conduct our businesses with respect and care for the environment and without compromising the health and safety of people, whether employees, customers or citizens in the environment in which the company activities are carried out.

We continuously improve our business processes while meeting legal or regulatory requirements and appropriate international standards. We provide high quality products and services to make our customers successful and add value to our business. We provide an environment for open and transparent communication of QHSE matters.

We recognize that the skills and involvement of our employees are essential for understanding and fulfilling the needs of our company and customers.

We provide the necessary resources to achieve our vision.

Our Commitment

In order to follow these principles BLUTEC Chemicals will:

- Integrate QHSE into the business strategies and processes
- Ensuring procedures, programs and guidelines are in place to support the QHSE
- Hold every employee accountable for their commitment to our principles

Actually, Blutec Quality Management System is already certified in compliance with ISO 9001:2015. Quality System Procedures take also into account guidelines for HSE management, in accordance with Italian and international laws and regulations.
